# SUPREME AUTO BATH

"EASY TO USE AND PH-NEUTRAL CAR SHAMPOO CONCENTRATE WITH EXTREME GLIDING EFFECT TO PREVENT WIPE SCRATCHES"

## PRODUCT PURPOSE

EXTERIOR | CAR WASH

COLOUR: Green  
SMELL: Kiwi

B2C Standard: 500ml  
B2B Standard: 5L | 25L

## HARD FACTS:

- perfect for bucket wash
- super slick & perfect glide
- High suds & rich foam
- pH-neutral | safe for waxes & sealants
- excellent cleaning properties

## APPLICATION:

Use 25-50ml concentrate in 10-20L of lukewarm water.

For more foam, hold a high pressure cleaner in the washing bucket. Work with washing glove from top to bottom and rinse with clean water after cleaning process. For a gentle hand wash, the two-bucket method is recommended.

After drying, you may finish the paint with a Quick Detailer like Spray Shine.

The product can be used in a foam gun, however, better foam results will be achieved by using "Snow Foam" as foamy pre-cleaner.

# X-CUT 2000 MEDIUM 1-STEP-POLISH

"REVOLUTIONARY 1-STEP-COMPOUND BASED ON ALUMINIUM POWDER WITH MEDIUM CUTTING POWER THAT STILL ALLOWS CONTROL, LOW DUSTING AND A SWIRL-FREE, HIGH GLOSS FINISH."

## PRODUCT PURPOSE

EXTERIOR | PAINT CORRECTION

COLOUR: Yellow  
SMELL: Vanilla

B2C Standard: 250gr  
B2B Standard: 1L

## HARD FACTS:

no fillers / no silicone oils

true 1-Step-Technology (Cut & Finish)

Cutting Power: Medium (P2000)

nearly no dusting, long processing time

Rotary Speed: 1.500-2.000RPM  
DA Polisher: 2.000-10.000RPM

## APPLICATION:

Use 3-4 pea-sized drops on cutting pad. If pad is new, increase the amount of polish by 25%, this helps prevent dusting. Use the lowest RPM to spread the polish evenly on the segment you're working on. Turn up to the middle stage of possible RPM and use slight pressure to work in the polish. Vary the pressure you put on the machine to get different cutting effects. Turn up to maximum RPM and polish until it is nearly clear.

# COLOUR TRANSFER SEALANT

"A LONG LASTING SEALANT FOR BRIGHT SMOOTH LEATHERS PREVENTS FROM COLOUR TRANSFER THROUGH CLOTHES AND FACILITATES THE CLEANING PROCESS."

## PRODUCT PURPOSE

INTERIOR | SMOOTH LEATHER

COLOUR: Clear  
SMELL: Bloom

B2C Standard: 150ml  
B2B Standard: 5L | 10L

## HARD FACTS:

-  based on rich oils and natural polymers
-  for bright colours only
-  reduces colour transfer from clothes
-  dirt can be wiped off easily
-  dirt cannot penetrate into leather structure

## APPLICATION:

Shake well before use. Clean leather surface thoroughly before use. Shake well and apply a small amount on an applicator pad. Use Leather Conditioner first. Then apply Transfer Sealant. Work into leather and let dry, allowing coating to fully penetrate the surface.

# LEATHER CONDITIONER

"A SUPERIOR CONDITIONER FOR USED AND OLD LEATHERS THAT SMOOTHENS THE SURFACE AND PROTECTS AGAINST STAINS."

## PRODUCT PURPOSE

INTERIOR | SMOOTH LEATHER

COLOUR: White  
SMELL: Fresh

B2C Standard: 150ml  
B2B Standard: 5L | 10L

## HARD FACTS:

-  based on rich oils
-  satin-matt & natural feel finish
-  prevents leather from scratches & cracking
-  soaks in, no buffing off
-  especially effective on aniline & pigmented leathers

## APPLICATION:

Shake well before use. Pour a small amount on an applicator pad and apply in gentle circular motions. Heavily used parts like armrests, seats and backrests may be treated again in a second step. Please note that leather may have a glossy effect while applying the product but will return to its natural matt finish when the product is fully soaked into the surface.
